Qualification

- **3 Years Diploma in Computer Science**

Kavita Thakur

Web Designer

Enthusiastic and self-motivated Web Designer with 2.5 years of experience in creating visually engaging, responsive, and user-friendly websites. Skilled in WordPress, HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, and SASS. Known for delivering clean and accessible design solutions that align with modern UI/UX principles. Passionate about crafting seamless digital experiences and eager to contribute creative design expertise to the team at WebHouse.

Experience

I've worked on a handful of web projects over the years, some of which were for the following organizations:

Nirag Infotech —— Current
Dec 2023 - August 2025

Roles & Responsibilities

- Designed clean and responsive website layouts using HTML, CSS, Tailwind CSS, and Bootstrap.
- Converted Figma designs into functional web pages with accurate spacing and alignment.
- Created social media banners and visual assets consistent with brand identity.
- Built websites that work smoothly on different devices and browsers.
- Maintained good visual design using basic principles of color, typography, and layout.
- Fixed design-related issues and made improvements based on client feedback.
- Collaborated with team members to ensure smooth handoff from design to development.

Agilsoft —— Web designer
Nov 2022 - Dec 2023

Roles & Responsibilities

- Assisted in designing simple and responsive website layouts using HTML, CSS, Tailwind CSS, and Bootstrap.
- Helped turn Figma designs into working web pages with attention to layout and spacing.
- Created social media banners and graphics for marketing use.
- Built and updated websites to work well on mobile and desktop devices.
- Applied basic design principles like color, fonts, and spacing to improve page look.
- Tested websites for simple bugs and helped fix layout issues.
- Worked with designers and developers to complete design tasks and updates.
